

CHIP White Paper

CHIP White Paper

Introduction

\$CHIP is a community-driven token designed to be a premium, value-driven asset within the cryptocurrency ecosystem. Launched with an initial 10 million token supply, **\$CHIP** offers scarcity, stability, and 1,000x the buying power relative to VSG. While this buying power is not available at launch, it is a long-term goal that will be achieved as the community grows and the ecosystem expands.

Tokenomics

****\$CHIP Token (10 Million Supply):****

- ****Total Supply:**** 10,000,000 **\$CHIP** tokens
- ****Purpose:**** A premium asset designed for early adopters, high-value transactions, and long-term wealth storage.
- ****Transaction Tax (4%):****
- ****1% Burn:**** Permanently removes tokens from circulation, increasing scarcity.
- ****1% Stakeholders:**** Distributed proportionally among stakers based on their holdings.
- ****1% Liquidity Pool (LP):**** Reinjects into the liquidity pool to ensure stability and growth.
- ****1% Development:**** Supports ongoing development, maintenance,

and necessary care.

NFT Tier System

The updated NFT tier system provides unique benefits for community engagement and contribution:

- ****Base Tier** (550 NFTs):**

- Access to basic community channels.
- Early notifications about platform updates.
- Standard staking rewards for in-platform purchases or exclusive content access.

- ****Mid Tier** (450 NFTs):**

- All benefits from the Base Tier.
- Eligibility for standard airdrops.
- Voting rights in minor community polls.
- Increased staking rewards.

- ****High Tier** (350 NFTs):**

- Includes all benefits of the lower tiers.
- Access to exclusive digital events and previews.
- Greater voting power in community governance.
- Top-tier staking rewards.

- ****Top Tier** (250 NFTs):**

- All benefits of previous tiers.
- One raffle ticket per NFT for bi-yearly airdrop drawings.

- Exclusive voting rights on critical project decisions.
- Maximum staking rewards.
- ****Founders Tier** (50 NFTs):**
 - All benefits of previous tiers.
 - Two raffle tickets per NFT for bi-yearly airdrop drawings.
 - Invitations to roundtable discussions with founders.
 - Recognition as a Founding Member.
 - A physical print of their NFT.
 - Significant voice in foundational decisions.
 - Top-level staking rewards including profit-sharing.

****Bi-Yearly Airdrop Mechanics:****

- ****Frequency:**** Every six months.
- ****Eligibility:**** Exclusive to Top Tier and Founders Tier members.
- ****Raffle Tickets:**** Top Tier holders receive 1 ticket per NFT, Founders Tier holders receive 2 tickets per NFT.
- ****Reward Amount:**** Varies based on \$CHIP's current market value at the time of the airdrop.
- ****Market Adjustment:**** Number of \$CHIP tokens distributed dynamically reflects the token's market price.

Raid Requirement for Airdrops

To qualify for normal airdrops, users must actively participate in community raids, contributing to the growth and engagement of the ecosystem.

Utility

****\$CHIP (10 Million Supply):****

- ****High-Value Asset:**** Positioned as a premium store of wealth, with 1,000x the buying power of VSG.
- ****Community-Driven:**** The 1,000x buying power is not available at launch but will be achieved as the ecosystem scales.
- ****Ideal for Long-Term Holding:**** Designed for savings, high-value transactions, and as a store of wealth.

Scaling

\$CHIP's burn mechanism and liquidity management are designed to scale with the ecosystem, ensuring value consistency as the community grows. A lite version of \$CHIP, designed for broader adoption and increased scalability, will be introduced in the future.

Roadmap

****Phase 1:****

- Launch \$CHIP with 10 million tokens.
- Founders Tier NFTs for liquidity and rewards.

****Phase 2:****

- Expand liquidity pools and integrate with ecosystem partners.

****Phase 3:****

- Full integration of \$CHIP across the Chipverse and multi-chain ecosystems.

****Future Phase:****

- Introduction of a lite version of \$CHIP (with a larger supply) to provide broader access and scalability.

Conclusion

\$CHIP's 10 million token supply provides exclusivity and value while aligning with VSG's burn mechanism. The 1,000x buying power is a long-term goal to be realized as the community grows and the ecosystem matures. The introduction of a lite version will expand accessibility, ensuring \$CHIP remains both scarce and highly liquid within the ecosystem. The 2% creator's wallet ensures the project's sustainability and supports ongoing development and necessary medical care.
